Dear Mr. Dulles -

At a recent meeting of the Program Committee of our local lecture series - you were suggested as a speaker who could bring us real and valuable information. We - of the Middle West - sometimes feel removed from the international scene - and need the stimulation which a person in your position could give us.

We should feel honored - indeed - if you could take the time and make the effort to come to Janesville during the coming season - Is there any possibility that you will be in the Middle West between October 1955 and April, 1956. If it is at all probable that you might come here, would you please quote us your fee?

We shall be sincerely hoping to hear from you in the near future - Thank you kindly for your consideration.

Very truly yours -
Frederick R. Gibb (Mrs. J.W.)
Program Chairman -
